(Formerly Known As Madrona Ventures, Inc.)
(A Development Stage Enterprise)
Notes to Financial Statements
October 31, 2009

1. Organization, Description of Business, and Basis of Accounting

Business Organization

Lightlake Therapeutics, Inc., (formerly known as Madrona Ventures, Inc.) (the Company) was originally incorporated in the State of Nevada on June 21, 2005. On September 16, 2009, the Company changed its' name to Lightlake Therapeutics, Inc. The Company's fiscal year end is July 31. The company is currently in the development stage and to date its' activities have been limited to capital formation. The Company has limited assets and no revenue and in accordance with SFAS No.7, is considered a Development Stage Company.

Accounting Basis

Interim Financial Statements

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, pursuant to the rules and regulations of the Securities and Exchange Commission. All significant intercompany balances and transactions have been eliminated. These financial statements do not include all information and notes required by accounting principles generally accepted in the United States of America for complete financial statements. It is recommended that these interim unaudited condensed consolidated financial statements be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2009.

In the opinion of management, all adjustments (consisting only of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month period ended October 31, 2009 are not necessarily indicative of the results which may be expected for any other interim periods or for the year ending October 31, 2010. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

These financial statements have been prepared on the accrual basis of accounting following generally accepted accounting principles of the country-regionplaceUnited States of America consistently applied.

2. Patent and Patent Applications

On August 24, 2009, the Company acquired European Patent EP1681057B1 and U.S. Patent Application 11/031,534 through the issuance of 20,333,000 of its' common stock.

Lightlake Therapeutics, Inc.
(Formerly Known As Madrona Ventures, Inc.)
(A Development Stage Enterprise)
Notes to Financial Statements

October 31, 2009

3. Going Concern

The accompanying financial statements have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. This raises substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments that might result from this uncertainty

4. Capital Stock

The Company has 200,000,000 common shares authorized at a par value of \$0.001. At October 31, 2009, there were 157,658,333 shares issued and outstanding. The Company has no other classes of shares authorized for issuance.

At October 31, 2009, there were no outstanding stock options or warrants.

5. Common Stock Purchase Agreement

On October 31, 2009, the Company completed a common stock purchase agreement (the Pelikin Agreement) whereby Pelikin Group acquired 5,000,000 common shares of the Company's common stock from Belmont Partners. Following the transaction, Pelikin Group controls approximately 76.6% of the Company's outstanding capital stock. Concurrent with the agreement, Mr. Sei Ki was named to the Board of Directors as well as President and Secretary of the Company, and Mr. Joseph Muese resigned from all positions held in the Company.

6. Income Taxes

The Company has net operating loss carryforwards that were derived solely from operating losses from prior years. These amounts can be carried forward to offset future taxable income for a period of 20 years for each tax year's loss. No provision was made for federal income taxes as the Company has significant net operating losses.

The operating losses derive a deferred tax asset of approximately \$30,277 and \$18,800 at October 31, 2009 and July 31, 2008, respectively. At October 31, and July 31, 2009, the Company has established a valuation allowance equal to the deferred tax assets as there is no assurance that the Company will generate future taxable income to utilize these assets.

Due to the provisions of Internal Revenue Code Section 338, the Company may have no net operating loss carryforwards available to offset financial statement or tax return taxable income in future periods as a result of a change in control involving 50 percentage points or more of the issued and outstanding securities of the Company.

7. Related Party Transactions

The Company's Director and former officer advanced funds to the Company for working capital needs in the amount of \$ 75,248. The amounts were non-interest bearing, unsecured, with no stated terms or repayment.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

FORWARD LOOKING STATEMENTS

Statements contained herein which are not historical facts are forward-looking statements as that term is defined by the Private Securities Litigation Reform Act of 1995. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, forward-looking statements are subject to risks and uncertainties that could cause actual results to differ from those projected. The Company cautions investors that any forward-looking statements made by the Company are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Such risks and uncertainties include without limitation: established

competitors who have substantially greater financial resources and operating histories, regulatory delays or denials, ability to compete as a start-up company in a highly competitive market and access to sources of capital.

The following discussion and analysis should be read in conjunction with our financial statements and notes thereto included elsewhere in this Form 10-Q/A. Except for the historical information contained herein, the discussion in this Form 10-Q/A contains certain forward-looking statements that involve risk and uncertainties, such as statements of plans, objectives, expectations and intentions. The cautionary statements made in this Form 10-Q/A should be read as being applicable to all related forward-looking statements wherever they appear in this Form 10-Q/A. The Company's actual results could differ materially from those discussed here.

The Company was incorporated in the State of Nevada on June 21, 2005 and on September 16, 2009, the Company changed its' name to Lightlake Therapeutics, Inc. The Company's fiscal year end is July 31 and is a development stage company. Lightlake Therapeutics Inc. is a drug discovery company focusing on developing new and innovative solutions to obesity and eating disorders.

During the year ended July 31, 2009, the company carried out very limited operations and on June 26, 2009 Belmont Partners (Belmont) acquired a controlling interest of approximately 76.6% of the Company's outstanding shares. (ref: Form 8-K filing date June 26, 2009) On July 31, 2009, the Pelikin Group acquired the 5,000,000 shares from Belmont and will be continuing operations as a pharmaceutical company focusing on developing new and innovative solutions to obesity and eating disorders.

PLAN OF OPERATION

Our plan of operation for the next twelve months is to pursue the Phase 2 clinical trials in Helsinki, Finland on the user patents that were acquired by the company from Dr. David Sinclair, in exchange for 20,333,333 restricted common shares on August 24, 2009. (see Exhibit 5, Sinclair Agreement Form 10-K) The safe and effective treatment is a proprietary patented pharmaceutical medicine-based behaviour program pioneered by Dr. David Sinclair

We have not attained profitable operations and are dependent upon obtaining financing to pursue the Phase 2 clinical trials in Helsinki, Finland. For these reasons our auditors believe that there is substantial doubt that we will be able to continue as a going concern.

LIQUIDITY AND CAPITAL RESOURCES

Our cash reserves are not sufficient to meet our obligations for the next twelve month period. As a result, we will need to seek additional funding in the near future. We currently do not have a specific plan of how we will obtain such funding; however, we anticipate that additional funding will be in the form of equity financing from the sale of our common stock. We may also seek to obtain short-term loans from our directors, although no such arrangements have been made. At this time, we cannot provide investors with any assurance that we will be able to obtain sufficient funding from the sale of our common stock or through a loan from our directors to meet our obligations over the next twelve months. We do not have any arrangements in place for any future equity financing.

RESULTS OF OPERATIONS

We did not earn any revenues during the three month period ending October 31, 2009 and have generated no revenues since inception. We have incurred operating expenses in the amount of \$76,214 for the three month period ending October 31, 2009. For the same three month period ending October 31, 2008 our operating expenses was \$5,372.

Our net loss for the three month period ending October 31, 2009 was \$76,214 and our net loss from inception through October 31, 2009 was \$131,424.

At October 31, 2009, we had assets of \$21,057 and at the same date current liabilities of \$76,348.

The following table provides selected financial data about our Company as at October 31, 2009 and July 31, 2009.

Balance Sheet Data:	10/31/09	7/31/09
-----	-----	-----
Cash	\$ 724	\$ 290
Total assets	\$ 21,057	\$ 290
Total Liabilities	\$ 76,348	\$ 0
Shareholder's equity	\$ 21,057	\$ 290

We have not attained profitable operations and are dependent upon obtaining financing to pursue the clinical trials in Helsinki, Finland. In their report on our audited financial statements as at July 31, 2009, our auditors raised substantial doubt about our ability to continue as a going concern unless we are able to raise additional capital and ultimately to generate profitable operations.

SIGNIFICANT ACCOUNTING POLICIES

It is suggested that these financial statements be read in conjunction with our July 31, 2009 audited financial statements and notes thereto, which can be found in our Form 10-K annual filing and amendments thereto, on the SEC website at www.sec.gov under our SEC File Number 333-139915.

Our significant accounting policies are as follows:

The company plans to file and obtain the necessary requirements to conduct Phase II clinical trials in Helsinki, Finland. There is no guarantee that we will obtain the approval from the Finnish authorities to conduct the trials and the company will need to obtain the required financing if granted the approvals to conduct the trials. To date the company has not been granted the approvals to conduct the trials.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As a smaller reporting Company we are not required to provide the disclosure required by this item.
